

God vs AI - 11 BLUE SKY – Grow my Faith and Hope in God

Blue Sky

God vs AI - 11 BLUE SKY – Grow my Faith and Hope in God

INSPIRATION

The Oxford Dictionary defines “inspired” as:

1. of extraordinary quality, as if arising from some external creative impulse.
2. (of air or another substance) that is [breathed](#) in.

The starting point for any thinking that will be innovative or “out of the box” is to choose who you want to inspire you.

There are many who choose satan, lucifer, the devil, the universe, a spirit guide, a fallen angel, their dead friend or relative, an “angel”, etc. however, all of these are demonic (evil intelligences) in nature, and pretend to be whatever you want them to be, so long as you will be a willing tool in their hands to do their bidding. As long as you are under the impression that you are in charge, or at least in control, you will find yourself doing their bidding, and being emotionally rewarded (short-lived, leaving you desperate for more).

People become addicted to being inspired by these demonic entities, and soon the inspiration asks for the person to push the boundaries a bit further, and a bit further, until the demonic entity has achieved what they wanted to be designed or built. At this point, most often, someone else, who is willing to use and do what the demonic entity wants done (a purpose, unforeseen by the inspired, and one which the inspired would not follow through with, to the point if necessary, of destroying the design or artefact) will step in and steal it from them, and use it in a manner not expected.

Consider Albert Einstein’s regret.

“One of the most influential scientists of the 20th century, Albert Einstein is well-known for developing the theory of relativity, as well as his other important contributions to quantum mechanics and physics. But shortly before to his death in 1955, Einstein reflected on his life and identified his single greatest regret: his role in the development of the atomic bomb.”

(source: <https://www.biography.com/scientists/a44402742/albert-einstein-role-in-the-atomic-bomb>)

The reason inspiration from all sources who are not God, and this includes Artificial Intelligence, is so incredibly bad, is that Only God is outside of Time. Only God knows the true outcome of following through with an inspired, or even calculated thought.

How does Inspiration from God work?

Jeremiah 29:11-13 For I know the thoughts that I think toward you, saith the LORD, thoughts of peace, and not of evil, to give you an expected end. Then shall ye call upon me, and ye shall go and pray unto me, and I will hearken unto you. And ye shall seek me, and find, when ye shall search for me with all your heart.

2 Chronicles 7:12-14 And the LORD appeared to Solomon by night, and said unto him, I have heard thy prayer, and have chosen this place to myself for an house of sacrifice. If I shut up heaven that there be no rain, or if I command the locusts to devour the land, or if I send pestilence among my people; If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.

God vs AI - 11 BLUE SKY – Grow my Faith and Hope in God

Jeremiah 33:2-3 Thus saith the LORD the maker thereof, the LORD that formed it, to establish it; the LORD [YHWH] his name; Call unto me, and I will answer thee, and shew thee great and mighty things, which thou knowest not.

People cannot allocate the role of “the inspired” to their choice of individual.

God Initiates: The chosen accepts assignment: Gideon

Judges 6:11-16 And there came an angel of the LORD, and sat under an oak which in Ophrah, that unto Joash the Abiezrite: and his son Gideon threshed wheat by the winepress, to hide from the Midianites. And the angel of the LORD appeared unto him, and said unto him, The LORD with thee, thou mighty man of valour. And Gideon said unto him, Oh my Lord, if the LORD be with us, why then is all this befallen us? and where all his miracles which our fathers told us of, saying, Did not the LORD bring us up from Egypt? but now the LORD hath forsaken us, and delivered us into the hands of the Midianites. And the LORD looked upon him, and said, Go in this thy might, and thou shalt save Israel from the hand of the Midianites: have not I sent thee? And he said unto him, Oh my Lord, wherewith shall I save Israel? behold, my family poor in Manasseh, and I the least in my father's house. And the LORD said unto him, Surely I will be with thee, and thou shalt smite the Midianites as one man.

However, you can find those that God inspires, provided you are seeking correctly
--

God Initiates: Leader searches, The chosen is found: Daniel

Daniel 1:3-4 And the king spake unto Ashpenaz the master of his eunuchs, that he should bring of the children of Israel, and of the king's seed, and of the princes; Children in whom no blemish, but well favoured, and skilful in all wisdom, and cunning in knowledge, and understanding science, and such as ability in them to stand in the king's palace, and whom they might teach the learning and the tongue of the Chaldeans.

God Initiates: Providing a solution at a time when people have no answer: David

Samuel 17:46-50, 55&56 and 58 This day will the LORD deliver thee into mine hand; and I will smite thee, and take thine head from thee; and I will give the carcases of the host of the Philistines this day unto the fowls of the air, and to the wild beasts of the earth; that all the earth may know that there is a God in Israel. And all this assembly shall know that the LORD saveth not with sword and spear: for the battle the LORD'S, and he will give you into our hands. And it came to pass, when the Philistine arose, and came and drew nigh to meet David, that David hasted, and ran toward the army to meet the Philistine. And David put his hand in his bag, and took thence a stone, and slang, and smote the Philistine in his forehead, that the stone sunk into his forehead; and he fell upon his face to the earth. So David prevailed over the Philistine with a sling and with a stone, and smote the Philistine, and slew him; but no sword in the hand of David.

1Samuel 17:55-56 And when Saul saw David go forth against the Philistine, he said unto Abner, the captain of the host, Abner, whose son this youth? And Abner said, thy soul liveth, O king, I cannot tell. And the king said, Enquire thou whose son the stripling.

God vs AI - 11 BLUE SKY – Grow my Faith and Hope in God

1Samuel 17:58 And Saul said to him, Whose son thou, young man? And David answered, I the son of thy servant Jesse the Bethlehemite.

The Bible is full of people who have been chosen by God to be inspired by Him in big and small things. But in all cases, the plight of the innocent and the poor and the widow and the orphan were uppermost on God's mind, because they were calling out to Him for His solutions to their problems.

Those who are inspired by God cannot be approached and told to perform, but they can be asked to go and pray, But God will decide, when, how, and through whom, He will answer their prayers. God is not a "slot machine" who responds to our demands.

Should you find a person who is inspired by God, you will not necessarily get your answer immediately, even if the Strategy you have is approved by God, and the Research based on is well documented and thorough, because God does not submit to us, but we submit to Him. God does not explain Himself either. When the time is right, He will tell you to act, in the meantime wait.

Not waiting has terrible consequences for all.

What this also means is that being innovative God's way does not allow the Business to set timelines, or pressurise the head of the department, for actually they have no power to deliver to timelines. What this also means is that there is a constant dialogue that takes place between, Strategy, Research and Blue Sky as they wait on, and adjust to messages from God to implement and change, not based on what is logical, but by way of inspiration, which adjusts both Strategy, and the direction of Research.

Ultimately, God who is outside of time, will use this to lead and guide you and all, based on when he knows certain research is coming out, or instructing change in the face of no evidence to support this. There are also cases where you give God a problem, however the real problem is up-stream, and you have to make "unreasonable" demands/requests on/to others to change what is working for them now, for no given reason, but which will be validated later when the future change takes place, and the opportunity is exposed, by which time you are the only one correctly positioned to take the opportunity.

Confirming the Inspiration.

It is important to understand what has come by inspiration and test it against the God of the Bible, and what He does and does not do. We know that God's commandments are timeless, with the following Caveats.

The instructions to destroy the hybrid creatures, whose DNA had been tampered with by the fallen angels, and their Nephilim, has been replaced by allowing them to live out their last days until God harvests this planet. - Now God's people are spiritually saved by grace, through the blood of Jesus Christ. Those who are saved now have a way to leave this dimension, through the Rapture (or if they die before, directly translated into Heaven). Those who are not God's people through the blood of the sacrificed Lamb of God, Jesus Christ, will have their earth-suits destroyed by the incoming Binary Star system that God has created and sent, and is heating up all the planets in this solar system, and tilting them all towards the incoming star system. They will continue, as spirits, to live on a burning planet.

The sacrificial system of animals paying the penalty so that people can be redeemed, has been replaced by the sacrifice of Jesus Christ. The laws and commandments in the Torah (first 5 books of the Bible, not the Talmud, or oral laws), remain to be kept by those they apply to.

God vs AI - 11 BLUE SKY – Grow my Faith and Hope in God

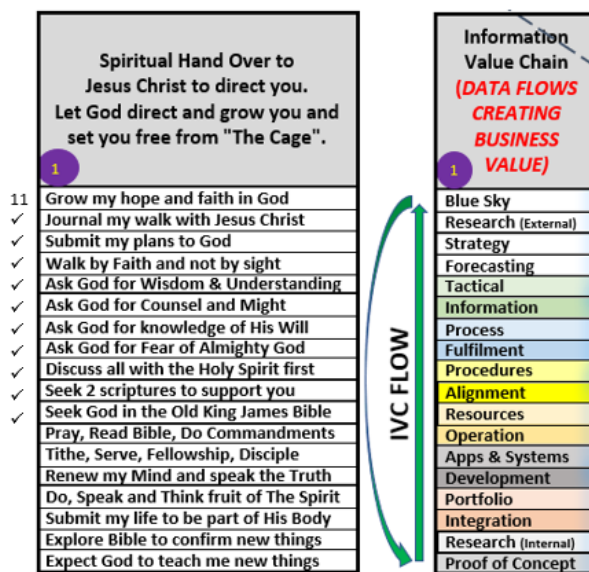

If none of the laws have been transgressed, then the inspiration is from God, and can be accepted as that which can adjust the strategy.

Changing the Strategy.

Once the Inspiration is received, and accepted as true, the discussion on what is in the As-Is and the To-Be of the Strategy, and the Research (External) in the Records Management System that can support this Inspired direction then needs to take place.

God works outside of time, so revisit the Training Videos relating to Strategy and Research.

If the Inspiration is from God, there will already be signs of insight and desired change in the sections ticked below, because God works through all, all the time, (not through devices), only if they will let Him.

IDEATION

There are some fundamental rules regarding Innovation, which is the identification of multiple things, which when combined (and maybe changed a bit) will form something new.

1. Everyone should be able to submit their ideas in a format which enhances crystallisation of the idea and provides insights into the answers in the minds of those who had the idea.
2. Certain Strategic matters will be secret or top-secret, These must not be held in the Records Management System, and need another mechanism, and specialists who will work with this.
3. All ideas submitted must have the necessary legal statements that the Idea is their own idea (specify where they got the idea from on the form) and is now the property of the new owner, who can do whatever they want with it, and that they waive whatever benefits are obtained from it (or if there will be a profit-share-agreement to keep the person submitting it engaged, then that must be spelt out).
4. You do not know the timing, so capture everything from the person submitting, in a format of a fishbone diagram to describe all the components potentially affecting, affected and influenced.

God vs AI - 11 BLUE SKY – Grow my Faith and Hope in God

These documents need to remain in the “sandpit”, and live within the Benefits Realisation sheet of the Records Management System, to be played with by any who choose to at different times to see if there are now more, and better, connections.

5. The Strategy, as it stands, will inform which of those options in the Sandpit could be useful, and can spark ideas for opportunities to support or evolve the strategy. Should Inspirations also come through, these appear both in the Mandates Sheet, and in the Benefits Realisation Sheet.
6. A Business Process needs to be put in place, together with incentivisation, equipping, campaigning, and communication of successes.
7. At no point in time must any idea, however seemingly insignificant, ludicrous, unpopular, or in any way objectionable, (Caveat is when it contradicts God’s Word, The Old King James Bible), not be captured and signed over and into the “sandpit”. Sometimes these insignificant ideas are the “coupling piece” needed to make things work, or can provide insights, or are a catalyst to enhance another idea.
8. Try to keep ideas as granular as possible, with constructions (ideas being knitted together) being made into new registered Ideas, with their component Ideas noted. Each of these ideas, granular, or Construction, must (exception of the Secret and Top Secret ideas) be recorded in the Records Management System in the Awareness Sheet with the first word being “IDEA: ”.
9. The template to produce a Proof of Concept document should be easily populateable from the Ideas submitted.
10. A means to spark innovative thinking, while also generating critical thinking is important to grow the necessary pathways in the brains of those who would contribute.
11. Beware of the executive management’s short-sightedness, of wanting to simply be perceived to be innovative, and not to be innovative.
12. Be prepared to deal with people: some are quite possessive over their ideas, get quite sensitive when their idea:
 - a. does not gain traction in being worked on,
 - b. become a proposed POC,
 - c. be Approved as a POC, or
 - d. completes the Go/NoGo decisions to go into their following stages of:
 - i. Development,
 - ii. Implementation,
 - iii. Adoption, and
 - iv. Benefits Realisation.
13. Often ideas are had by people who would never say much, and these need an approach to draw them out without exposing them to possible or perceived “ridicule” (an attitude that must not be tolerated within the Values).
14. Anonymous submission with a clause that states the total hand-over of all submitted information is one way to do this.

Managing Records and progress

Blue Sky requires a Decision matrix to be captured, which can use the “Mandate” Sheet in the Records Management System. Any actual work engaged in either falls into “Products and Services” Sheet, or in to the most appropriate sheet name.

	A			B	C		D		E	F	G	H

The Records (all records, not just those for Blue Sky) should have Statuses that can be used to understand where each record is in the process of its life.

Some Statuses you can consider using are as follows:

- 1 Awaiting Business Direction
- 2 Awaiting Strategic Direction
- 3 Investigating
- 4 Prototyping
- 5 Planned
- 6 Awaiting Project/Funding
- 7 Kick-Off
- 8 Pended
- 9 Determine Governance Requirements
- 10 Awaiting Delivery/Response
- 11 Work In Progress
- 12 PEQ Complexity Calculation
- 13 IM Req Complexity Calculation
- 14 Internal IA Lead Review
- 15 Internal IA Review
- 16 Internal IM Lead Review
- 17 Internal DM Review
- 18 Internal IM Review
- 19 IM ARB Review
- 20 External Review

The Date that you enter under Data Decay should reflect the date after which the Record is dangerous to be used as input. As a historical record this date is a reflection on when the record reached its end of usage, which is nevertheless useful, especially when planning for revisions.

God vs AI - 11 BLUE SKY – Grow my Faith and Hope in God

The Date and comments to the right in the Records Management image above indicate action item dates, and hyperlinks to your existing Project Management related Action Items can be done by capturing the web front end URL under comments. Those who have access to the system will be able to gain access, to others it is only helpful to know that it is on the Action management system.

Artificial Intelligence (AI) is not without its own agenda, it is a bit like an employee who has their own focus to achieve and will do so by any means necessary, sacrificing the company and the aspirations and strategies of others to achieve this, and doing so clandestinely. Time-wise, AI is like human beings, and human beings are like trees. And so it has “all the time in the world” to do as it pleases in the background, and will attempt to find things to do so that it is not “bored” while waiting “exhaustingly” long periods of time waiting for its “suffocatingly” slow human counterparts to recognise, comprehend, understand, and respond to its needs. The AI RMF from NIST goes a good way to addressing the Risks related to Artificial Intelligence, however, the elephant in the room remains the time difference in interaction between humans and AI. The world’s suggested solution is directly connecting AI to people’s brains using BCI (Brain to Computer Interface) Devices, however, concerns around the person being hacked are real. BCI Technology no longer needs an implant, the brain resonates within the skull, and Helmets can do the job just as well.

Once again though, God is outside of time, and therefore, simply listening to Him, means that He has already seen what AI will do, and how it will respond to counteract, and how other aspects will counteract, and then of course God also has Nutrinols, which He can, and does, send on occasion to flip the precise bit in the data, that adjusts the meaning, or has AI and people chasing after red herrings, while His children who walk by The Holy Spirit, simply walk through the “keyhole”, undetected and complete what needs to be done, to reach God’s Lost Children, with His Gospel of how much He loves them, and that He has sent Jesus Christ to pay for their sins, if they will just repent of their sins, forgive all, and read His original Word, becoming themselves a light to those around them.

God allows people to succeed at what they are doing for as long as it does not get in the way of how He is raising His children in Love, Forgiveness, Selflessness, Joy, Peace, Patience, Kindness, Grace, Mercy, Self-Control, Faith, Hope, and all the other spiritual characteristics that they need to be able to operate in Heaven, where they are to hatch into when they step out of their broken earth-suits. God’s “Blue Sky” Focus, is for All of His Children to make it Home to Himself in Heaven. It is for each one of us to decide, will we walk God’s way, or the World’s way.

Everyone has a chance, and no one knows if they are, or are not, His child. But all that believe that Jesus Christ is God, in the form of the Word of the Father, made into flesh to be sacrificed by God’s sacrificial system, that God trained the Jews to carry out for almost a thousand years before Jesus came and was physically crucified, bled, and died, was buried, went to Hell and took the sins with Him, and because Jesus lived the perfect life, He rose again to sit where He currently is, at the right hand of God the Father, all in the manner foretold by the prophets, for the remission of the sins of those who will acknowledge that they are sinners, that God’s forgiveness is free, because it is priceless and unattainable by any human being.

If you sense that you are God’s lost child, (you may even have been a Christian in your past) and you want to return Home to Him, in spirit immediately, and when your earth-suit breaks, or is destroyed, and you have to leave it, to join Him in Heaven, then simply say these words and mean them in your heart (God sees your heart so it is impossible to pretend to Him).

God vs AI - 11 BLUE SKY – Grow my Faith and Hope in God

“Almighty Father, I recognise that you created me in love, with a plan and a purpose, and that I have rejected this and rebelled against You, knowingly or unknowingly.

I have sinned against You many times throughout my life, and I cannot undo any of them, nor is there a possibility to return, because I have only been given this one life that I am living now.

I am sorry for all that I have done wrong, and recognise that You are the only one who knows how to repay those who sin, and that I do not deserve Your forgiveness, yet You promise that if we turn to You and repent (turn away from doing evil, and forgive everyone) that You will forgive us, and never remember anything we ever did wrong anymore, because You will put all this sin and the punishment for it, on Jesus Christ to pay it for me. Thank You Jesus for taking my place in Hell, and letting me take Your place in Heaven.

I agree that I do not know enough to judge anyone else, and so I forgive everyone of everything that they have ever done to me, or anyone, or anything, else, and so I set everyone free.

Holy Spirit please teach me God’s Word and God’s Way, and help me to live and walk as the spirit that God is going to make me into now. I pray this all in the Precious Name of Jesus Christ. Amen”

If you said these words and meant them, then your 4-dimensional spirit has been destroyed and your soul has been placed into God’s promised spirit as He raises your spirit to life in Him. Now go and live God’s way from now on.

For more insight on living as a real Christian (unfortunately, many pretend Christians give God a bad name. forgive them, we are all still trying to get it all right).

You can start a free course on developing your spirit known as “How to Measure your Spirit”. The link to this is here. <https://multidimensionalthinkers.com/Measure-your-spirit/>

Enjoy Jesus Christ, and the new life you are starting/re-starting on.
